ACHIEVEMENTS & AWARDS

- Competed in **ICPC Dhaka Regional 24, 25** as part of Team **UITS_ACES**.
- Competed in **5 Inter-University Programming Contests (IUPC: IUT, KUET, UIU, AUST, UU)**.
- Competed in **BUBT Inter University Collaborative Programming Contest** & ranked **20** out of 75 team.
- Codeforces: sakibAnsary** — Max Rating **Pupil (1389)**; solved **600+** problems.
- CodeChef: chatok_junior** — Max Rating **3-Star (1724)**; solved.
- Solved over **1000+** problems across multiple online judges.
- Champion – UITS Hackify Fest 2025**
Secured **1st place** representing **Team UITS_ACES** among top university programmers.
- Champion – UITS Intra University Programming Contest 2025**
Secured **1st place** representing **Team UITS_ACES** among top university programmers.
- Champion – UITS Winter Fest Programming Contest 2024**
Achieved **1st place** in a solo contest.

PROJECTS

Taza Bazar | Backend (Node.js, Express, MongoDB)

- Architected secure **RESTful APIs** for user authentication, product management, and admin operations
- Implemented **JWT authentication** with password hashing (**bcrypt**) and **CORS** policies
- Integrated **environment configuration** and **request logging** for streamlined development

Live Link: [TazaBazar](#)

Sudoku Solver | JavaScript, HTML, CSS

- Developed a **responsive browser-based Sudoku solver** using a recursive backtracking algorithm
- Implemented constraint checking to validate and solve puzzles entirely on the client side

Live Link: [Solve Sudoku](#)

SKILLS

Languages

C++, JavaScript

Database

MongoDB

Frameworks

Node.js, Express, Mongoose

Concepts

OOP, Algorithms, Problem Solving

EDUCATION

University of Information Technology & Sciences (UITS)

B.Sc. in Computer Science and Engineering (CSE)

CGPA: 3.60 / 4 (Up to 6th Semester)

Expected Graduation: June 2026

Focus: **Data Structures, Algorithms, and Backend Development**

EXTRA CURRICULAR

Mentorship: Regularly mentor junior students in **Competitive Programming**, organizing problem-solving sessions and guiding them through algorithmic concepts to improve their logical reasoning and contest performance.
