Professional Summary

Backend Engineer specializing in Node.js and MongoDB, experienced in building scalable REST APIs and authentication systems. ICPC Regional Finalist with 1000+ problems solved and industry internship experience.

Technical Skills

Languages: C++, JavaScript

Backend: Node.js, Express, REST APIs

Database: MongoDB, Mongoose

Tools: Git, Linux, Postman, MongoDB Compass

Concepts: Data Structures, Algorithms, OOP

Experience

Brain Station 23 - Backend Engineer Intern (Industrial Attachment)

Dec 2025

- Contributed to backend development of **BiteNow**, a production-grade food delivery platform.
- Collaborated in a Git-based team environment following industry practices.

Projects

BiteNow – Food Delivery Platform (Backend | Node.js, Express, MongoDB, JWT, Bcrypt, Google OAuth)

- Built 15+ REST endpoints supporting authentication, cart, and order systems
- Implemented transaction-based checkout system with atomic cart-to-order conversion for data consistency.
- Developed guest-to-user cart migration logic with secure session handling during authentication.

[Live Link](https://bite-now.netlify.app/): <https://bite-now.netlify.app/>

Taza Bazar – Multi Role Marketplace (Backend | Node.js, Express, MongoDB, JWT, Bcrypt)

- Designed RESTful APIs for authentication, product CRUD operations, cart management, and admin functionalities.
- Implemented JWT authentication reducing unauthorized access and improving session security
- Built MVC architecture with organized routing and Mongoose schema modeling for maintainability.

Sudoku Solver (Algorithmic Project | JavaScript, HTML, CSS)

- Implemented recursive backtracking algorithm to solve Sudoku puzzles.
- Performed constraint validation entirely on the client side.

Competitive Programming & Achievements

- ICPC Asia Dhaka Regional Finalist 2024, 2025 (Team UITS_ACES).
- Competed in 5 Inter-University Programming Contests (IUT, KUET, UIU, AUST, UU).
- Champion — UITS Hackify Fest Programming Contest 2025, Intra University Programming Contest 2025
- Champion — Winter Fest Programming Contest 2024 (Solo).
- Codeforces: chatok.jr — Pupil (Max 1344), solved 400+ problems.
- CodeChef: chatok_junior — 3-Star (Max 1724).
- Solved 1000+ problems across multiple online judges.

Education

University of Information Technology & Sciences

B.Sc. in Computer Science and Engineering Expected Graduation: June 2026
